

## iPad Weather Briefing

The iPad has become almost ubiquitous in the general aviation cockpit. It allows the pilot to obtain high-quality weather information without ever speaking to a briefer.

We'll explore several ways of obtaining weather information through the iPad, including apps and websites that are key to a thorough and "legal" briefing.

**Directions:** From I-25 and E. Arapahoe Rd., proceed east to S. Peoria St. Turn right. At the entrance to Centennial Airport, turn right. Just before the control tower, turn left into the Ramada parking lot.

### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

### **Event Details**

**Sat, Jan 16, 2016 - 09:00 MST**  
**Ramada Hotel & Suites Denver**  
**South**

7770 S Peoria St  
Englewood, CO 80112

**Contact: Taylor Albrecht**
